Covid Protocol:

NEWIEE is committed to holding a safe event and will continuously monitor public health trends to ensure all measures are taken to ensure a safe event. Ticket holders will need to demonstrate:

1. **That they are fully vaccinated.** Per the CDC, a person is full vaccinated two weeks after receiving all recommended doses in the primary series of their COVID-19 vaccination. A booster(s) is not required but recommended. Vaccination status will be checked upon registration by showing either electronic or paper proof of vaccination.
2. **Proof of a negative COVID test (rapid antigen or PCR) within 48 hours** of the event (test taken after 6pm on Tuesday, April 26th). Demonstration of a negative COVID test can be provided in the form of either (a) a photo of the rapid test with the name of attendee and date written on test strip, or (b) a copy (electronic, photo or paper) of PCR results with name and date of test clearly visible.

Photos or electronic documents can be simply shown on your phone upon registration.

A limited number of rapid antigen tests will be available on site. Please arrive 15 minutes early if you need to take a test on-site. Attendees requiring an onsite test will be directed to a separate testing area where they will self-administer a rapid test and show results to a volunteer before proceeding to registration table if the test reads negative.

Covid Protocol (Continued):

Mask wearing is based on personal preference, informed by your personal level of risk.

Please stay home if you are sick or experiencing symptoms of COVID-19.

NEWIEE reserves the right to require additional safety protocols based on public health outlooks and conditions.
